Tempotest Home® Warranty

The Tempotest Home® Warranty is valid for 6 years and starts from the purchase date. The warranty is valid only with the Tempotest Warranty Certificate.

The warranty exclusively covers abnormal and excessive color degradation and loss of sun screening capability due to normal sun, salt, and weather exposure.

The warranty exclusively covers the Tempotest Home® solution-dyed acrylic fabric. Any additional manufacturing and installation costs requested by the installer or retailer are not covered by this warranty.

The warranty does not cover damage due to circumstances beyond one's control (e.g., fire, flood, bird excrements, or air pollution). Also, the warranty excludes damage caused by mechanical actions or fraudulent actions. In particular, the formation of micro holes in the cover due to any mechanical action are excluded from the warranty.

Differences in appearance of color saturation may occur over time, resulting from atmospheric agents and pollution. This does not compromise the chemical, physical, and technical features of Tempotest Home® fabric.

Tempotest Home® is a component of a finished product. The warranty must be claimed against the retailer or installer where the finished product was purchased.

The warranty is not valid in the case of improper use or improper installation.

The warranty does not cover the construction costs of the finished product.

The responsibility of Parà is expressly limited to this warranty. Parà reserves the right to inspect the fabric that is the object of the claim and ask for proof of purchase.

In case of an acknowledged defect in the Tempotest Home® fabric, Parà will supply fabric equivalent to 100 percent of the value of the defective fabric.

In the case of acknowledged defective fabric, Parà will be responsible for fabric replacement only. The retailer or the installer will reserve the right to request compensation from the final consumer for the service of replacing the fabric.
